THE QUEEN OF THE GODS

FAMILY ΟΙΚΟΓΕΝΕΙΑ

Hera was the Queen of Olympus, the mother of all the gods and a good and kind wife.

MARRIAGE ΓΑΜΟΣ

Hera's most important temple was in the city of Argos, where her gold and ivory statue stood. The statue depicted Hera on her throne like a queen. In one hand she held a scepter with a cuckoo bird on it, while in the other hand she held a pomegranate. The cuckoo symbolized her husband because she was the goddess of marriage, while the pomegranate symbolized fertility, as Hera is the goddess of motherhood.

CHILDBIRTH ΓΕΝΝΗΣΗ

Hera, as the goddess of childbirth, was considered the guardian of pregnant women and babies.
